

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

Cell phone (ab)users: unconscious, disrespectful, discourteous and totally oblivious to those around them. Public transportation and areas; doctors' offices; theaters; checkout lines; or bumping into others walking down the street. Name the place; they are there.

Heaven help us when cell phones become as ubiquitous in airplanes as they are in trains where we are all captive. These abusers ought to be relegated to---and locked in---their own soundproof area, subject to listening to one another's inanities. For the entire flight.

I, and hopefully, those "98% of Americans who say they move away from others when talking" will give our business to the airlines that have the sense to ban them.
